

# ABSOLUTE ZëRO™

## RV Waterline Antifreeze

**Absolute Zëro™ RV Waterline Antifreeze** provides ultimate protection and care for the pipes and waterlines of motor homes and recreational vehicles. The *NeverBurst™ Protection System* prevents water system bursts in even the harshest winter weather – it is guaranteed to **-60°C**, specific for very low temperatures!

**Absolute Zëro™ RV Waterline Antifreeze** is specially designed with the following advantages:

- Biodegradable formula; safer for waterways
- Prevents water system burst
- Guaranteed to **-60°C**
- Inhibits rust and corrosion in metal pipes
- Lubricates waterlines, pipes and seals (when used as directed)
- Non-Toxic, Alcohol free
- Ideal for use in older or brittle RV waterlines
- Winterizes plastic or metal pipes (except acetate) and RV water heaters

**Also appropriate for use in vacation homes, cottages, swimming pools, boats and septic systems, Absolute Zëro™ RV Waterline Antifreeze helps your customers to be ready for the Spring-time and enjoy their leisure RV activities!**

### Product Specification Chart

Product Number	Unit Size	Units / Case Pack	UPC	SCC
35-344AZ	3.78 L	4	0-56438-90725-1	400-56438-90725-9

**NOTE:** Do not use in gasoline or diesel engines. **DO NOT ADD WATER.** Consult owner's manual for winterizing instructions for system. This product may get slushy at approximately **-25°C** but will provide burst protection down to **-60°C**.
